EDUCATION

Geethanjali College of Engineering and Technology, Hyderabad, Telangana

Sep 2021 - May 2025

Bachelor of Technology , Computer Science and Engineering (AIML)

PROJECTS

ML-Based Stroke Risk Prediction

- Developed a predictive model to determine heart disease risk using medical data, leveraging **Python** and **AI/ML** fundamentals.
- Utilized Jupyter Notebook for data preprocessing and exploratory data analysis, ensuring accurate insights.
- Implemented **Streamlit** for creating an interactive user interface, enabling real-time predictions and visualization.

GitHub: https://github.com/varalaChaitanya/HeartStroke_Prediction

ToDoList Website

- Developed a dynamic website enabling users to add, save, and delete short-term goals and daily tasks.
- Implemented local storage retrieval to persist user data and display it dynamically on the user interface.
- Utilized **HTML, CSS, and JavaScript** to create an interactive and user-friendly experience.

Website: <https://todo0123.ccbp.tech>

Student Result Management System

- Designed and implemented a system to add student details, calculate averages and grades, and store data in files or databases.
- Utilized **Object-Oriented Programming (OOP)** principles to ensure modularity and reusability of code.
- Incorporated file handling techniques to manage data storage and retrieval efficiently.

Go Business Referral Dashboard | *React.js, JavaScript, Vite, REST API*

- Developed a responsive referral management dashboard with secure JWT-based authentication and protected routing using React Router.
- Integrated REST APIs to implement referral listing, search, date sorting, client-side pagination, and referral details.
- Implemented referral link and referral code copy-to-clipboard functionality to enhance user experience.
- Built the application using **React.js, JavaScript, HTML, and CSS**, and deployed it on **Vercel** with source code managed through **GitHub**.

ACHIEVEMENTS

- Secured an Eamcet Rank of 27390, showcasing academic excellence and competitive aptitude.

CERTIFICATIONS

CCBP Intensive 4.0 Tech Program

SKILLS

- **Programming Languages:** Python, C
- **Front-end Development:** HTML, CSS, Bootstrap, JavaScript, React.js
- **Back-end Development:** Express.js, Node.js
- **Database:** SQL, MongoDB
